A Note from Mr Hobbs

It has been great to spend some time in the classrooms this week. The children in Cuby class were so excited to tell me about their space themed area. They were able to name some of the planets and were keen for me to help them build a rocket so they could visit them. Keyne, fresh from their fantastic efforts in the swimming pool last week, have been learning about the seasons and the different weather we get in each season. Ladoca have started a unit on fractions in maths. Fractions is a huge part of maths and features in maths all the way through to Year 11. On Wednesday we looked at how knowing our Times Tables would help us. Blaise have been sitting some assessments this week with some incredible results. It was fantastic to see their incredible perseverance and determination when face with a challenge.

We have had a number of visitors to our school over the past 2 weeks. Last Friday Sarah Kennedy (Head of Grampound Road school) and Rebekah Bailey (Head of Penponds School) visited in the afternoon to look at our learning environments. We are always looking for ways to improve so it is fantastic to get ideas from other schools and today I will be visiting Rebekah at Penponds to see their school. Tuesday we were lucky enough to have Bethen Anderson (School Improvement Lead for the Trust) here to support us with our plans. We are always looking for ways in which we can improve the experience and education for our children and sharing good practice with other schools both in our Trust and further field is an important part of this.

Finally a big shout out to our cross country runners. We had some fantastic successes in the Newquay and Par cross country league with Ruan Michell getting 3rd place in the Year 6 boys, Harry Hogbin coming 1st in the Year 5 boys and the Year 5 boys Team winning the league. A huge congratulations to all those who took part.
