

Today we are looking at k. Sizing is very important. The top of the little loop is the height of a: k[↖] a[↖]

The stick is the height of t: k[↖] t[↖]

Remember the flick at the bottom: k[↖]

Don't make the loop too big or it will look like a capital R! k R

Keep concentrating and remember k is lower case; capital K is like this K.

ke ki ka ck ok ek ak

like bike hike pike kite

kick flick flock rock rake

lake lock block smoke smock
